WELCOME!

TO THE WEST LISBON AVENUE PROJECT
PUBLIC INVOLVEMENT MEETING

WEST LISBON AVENUE FROM NORTH 100TH STREET TO WEST BURLEIGH STREET

Tuesday, May 10, 2022
6 to 8 p.m.

Grace Christian Fellowship
9900 W Capitol Drive

The City of Milwaukee, in partnership with the Wisconsin Department of Transportation (WisDOT), is hosting the second Public Involvement Meeting for the proposed West Lisbon Avenue reconstruction project. This meeting will be in open house format with project members available to answer questions and share project updates.

PROJECT GOALS

The project will fully reconstruct West Lisbon Avenue. The complete reconstruction of the roadway offers a good opportunity to evaluate modifications and improvements as appropriate, and the project team has been evaluating safety, operations, and multi-modal transportation needs for the corridor. Traffic analysis shows a 2-lane roadway (1-lane in each direction) meets the project goals and rebuilding as 4-lanes does not meet project goals. Therefore, the proposed alternatives shown include 1 travel lane in each direction.

MEETING PURPOSE

The City of Milwaukee, in partnership with the Wisconsin Department of Transportation (WisDOT), is proposing to improve West Lisbon Avenue, between North 100th Street and West Burleigh Street. The meeting is an opportunity for people living, working, and traveling along West Lisbon Avenue to hear about the proposed alternatives and discuss concerns along the corridor. Your input will help identify solutions to make the street safer and more enjoyable for bicyclists, pedestrians, and drivers. Here are some examples of input we are seeking from you:

- Are you able to provide the project team with any up-and-coming events?
- Where is street parking used the most along the roadway?
- What business concerns do you have during or after construction?
- What information can you share regarding, historic properties, hazardous materials, private drainpipes or tiles, private irrigation systems, and any other concerns?
- Are there problems with sightlines at intersections or driveways?

PUBLIC INPUT/COMMENTS

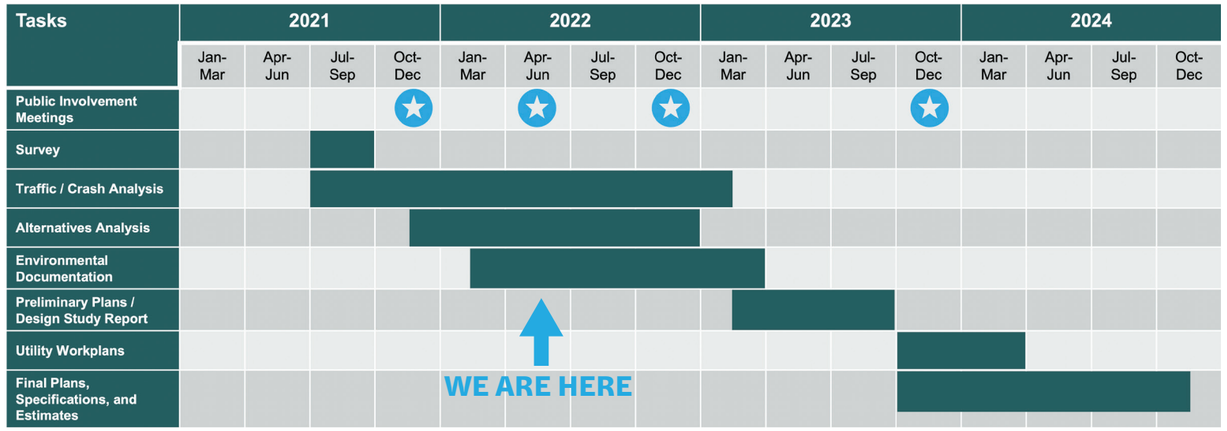
Your feedback and input are important. Feedback received will assist the project team in deciding improvement alternatives presented at this meeting. Included at the end of this handout is a form that may be used for written comments. You are encouraged to fill out this form and return to the project team by mail prior to June 1, 2022.

The comment form will be available on the project website, **www.lisbonavenue.org,** prior to the meeting.

Comments may also be submitted via e-mail to **Alyssa Tapia at Alyssa@devorpr.com**

SCHEDULE

The design phase is scheduled to take approximately three years with a tentative construction start of 2025.



NEXT STEPS

Your input will help identify solutions to make West Lisbon Avenue safer and more enjoyable for bicyclists, pedestrians, and drivers. Feedback will be used to decide on the proposed alternatives.

JOIN THE EMAIL LIST

If you would like to receive project updates and notices of future meetings via email, please submit your email address to Alyssa Tapia at **Alyssa@devorpr.com** or sign-up on the project website: **lisbonavenue.org**

ADA ACCOMMODATIONS

Anyone who requires an auxiliary aid or service to participate in this City of Milwaukee event should contact the **ADA Coordinator at (414) 286-3475 or via email at adacoordinator@milwaukee.gov** as soon as possible, but no later than 72 hours before the scheduled event.
