

PROJECT OVERVIEW

Walnut Street & Lisbon Avenue Traffic Safety Improvement Project

Learn about the Future of Walnut Street & Lisbon Avenue!

This project on Walnut Street and Lisbon Avenue from 40th to 20th Street will create a safer street environment that is more comfortable for people walking, biking, driving and taking transit.

This corridor has been identified as a high crash area, making **safety improvements** a priority. High visibility crosswalks and bump outs, will be installed to create safer crossings and provide traffic calming. The project will **enhance connections** between Washington Park, nearby neighborhoods, and downtown Milwaukee with protected bike lanes and **improve bus service** for MCTS Bus Route 57 with bus boarding islands.
