

Project Staging

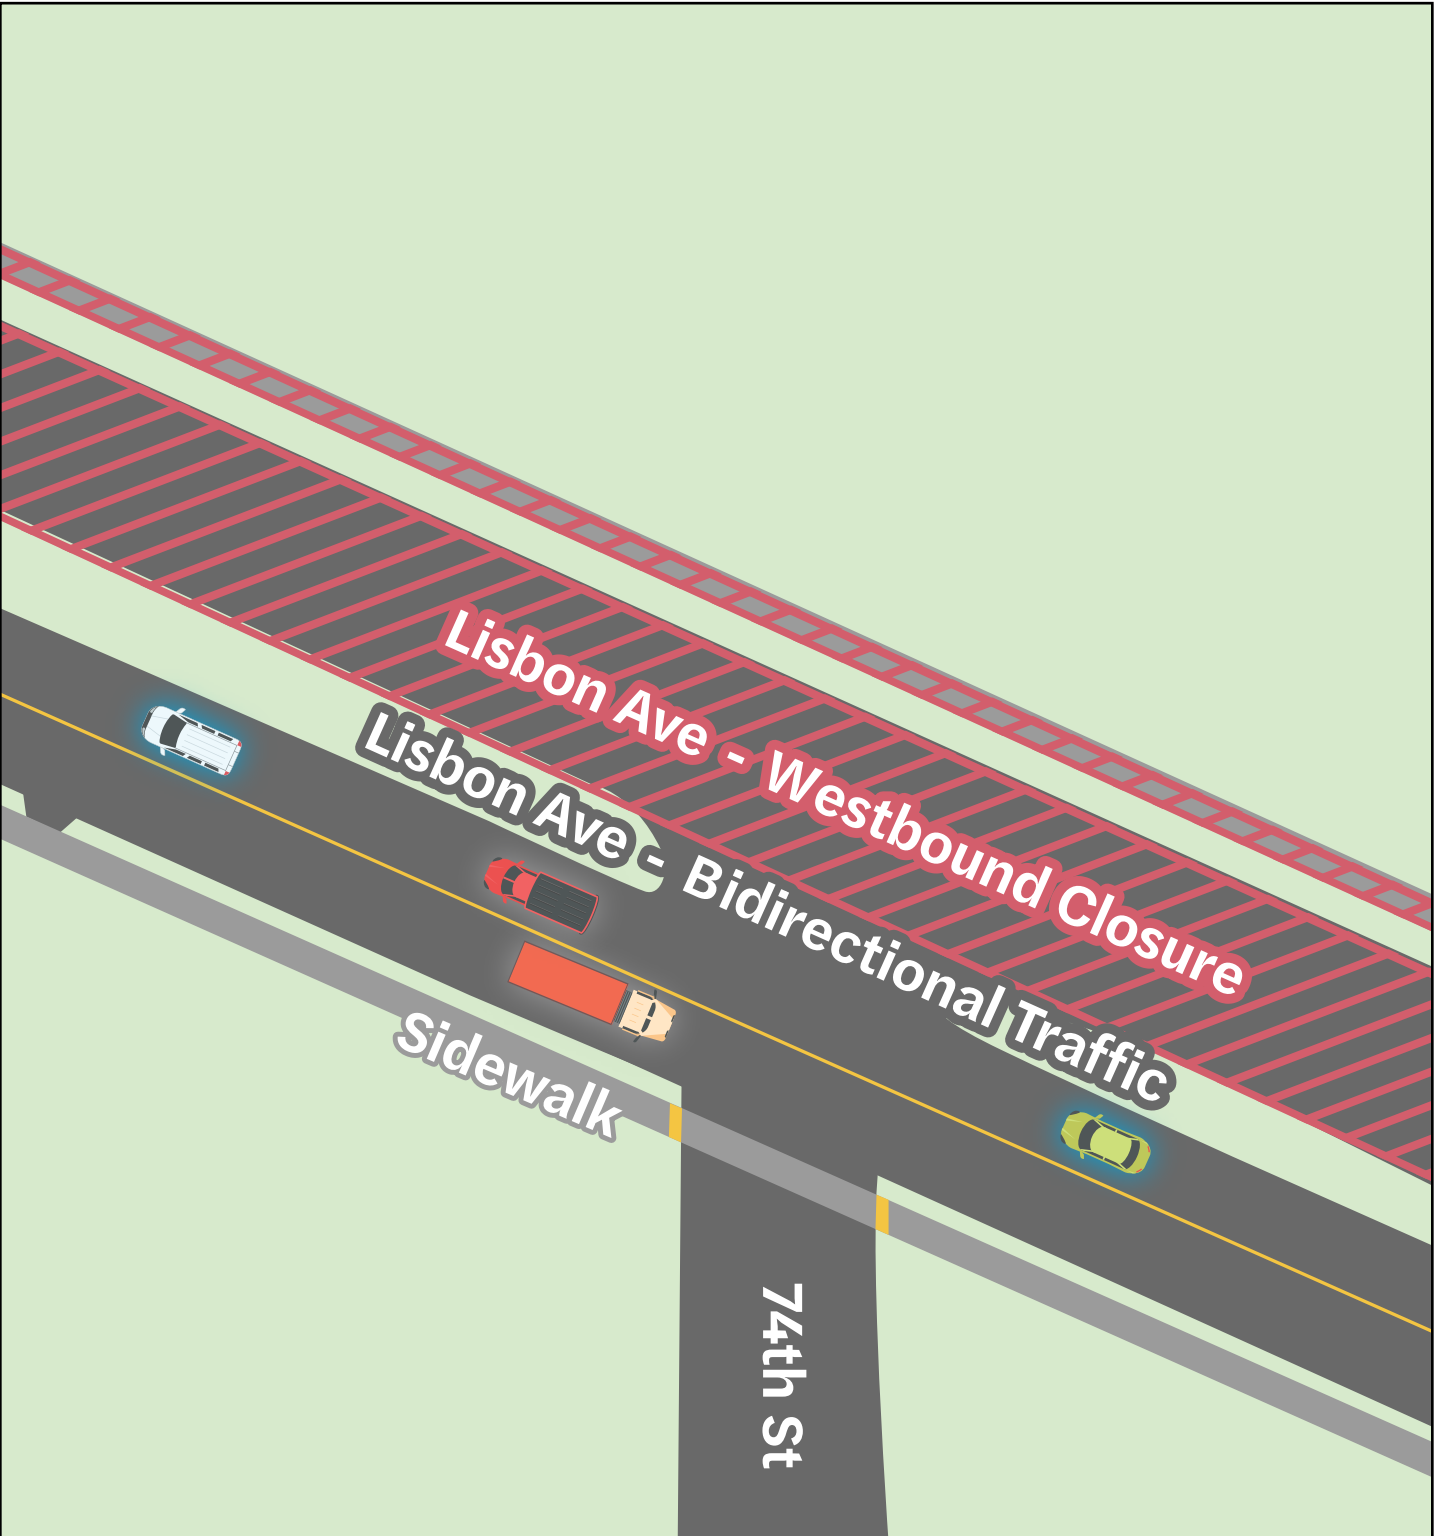

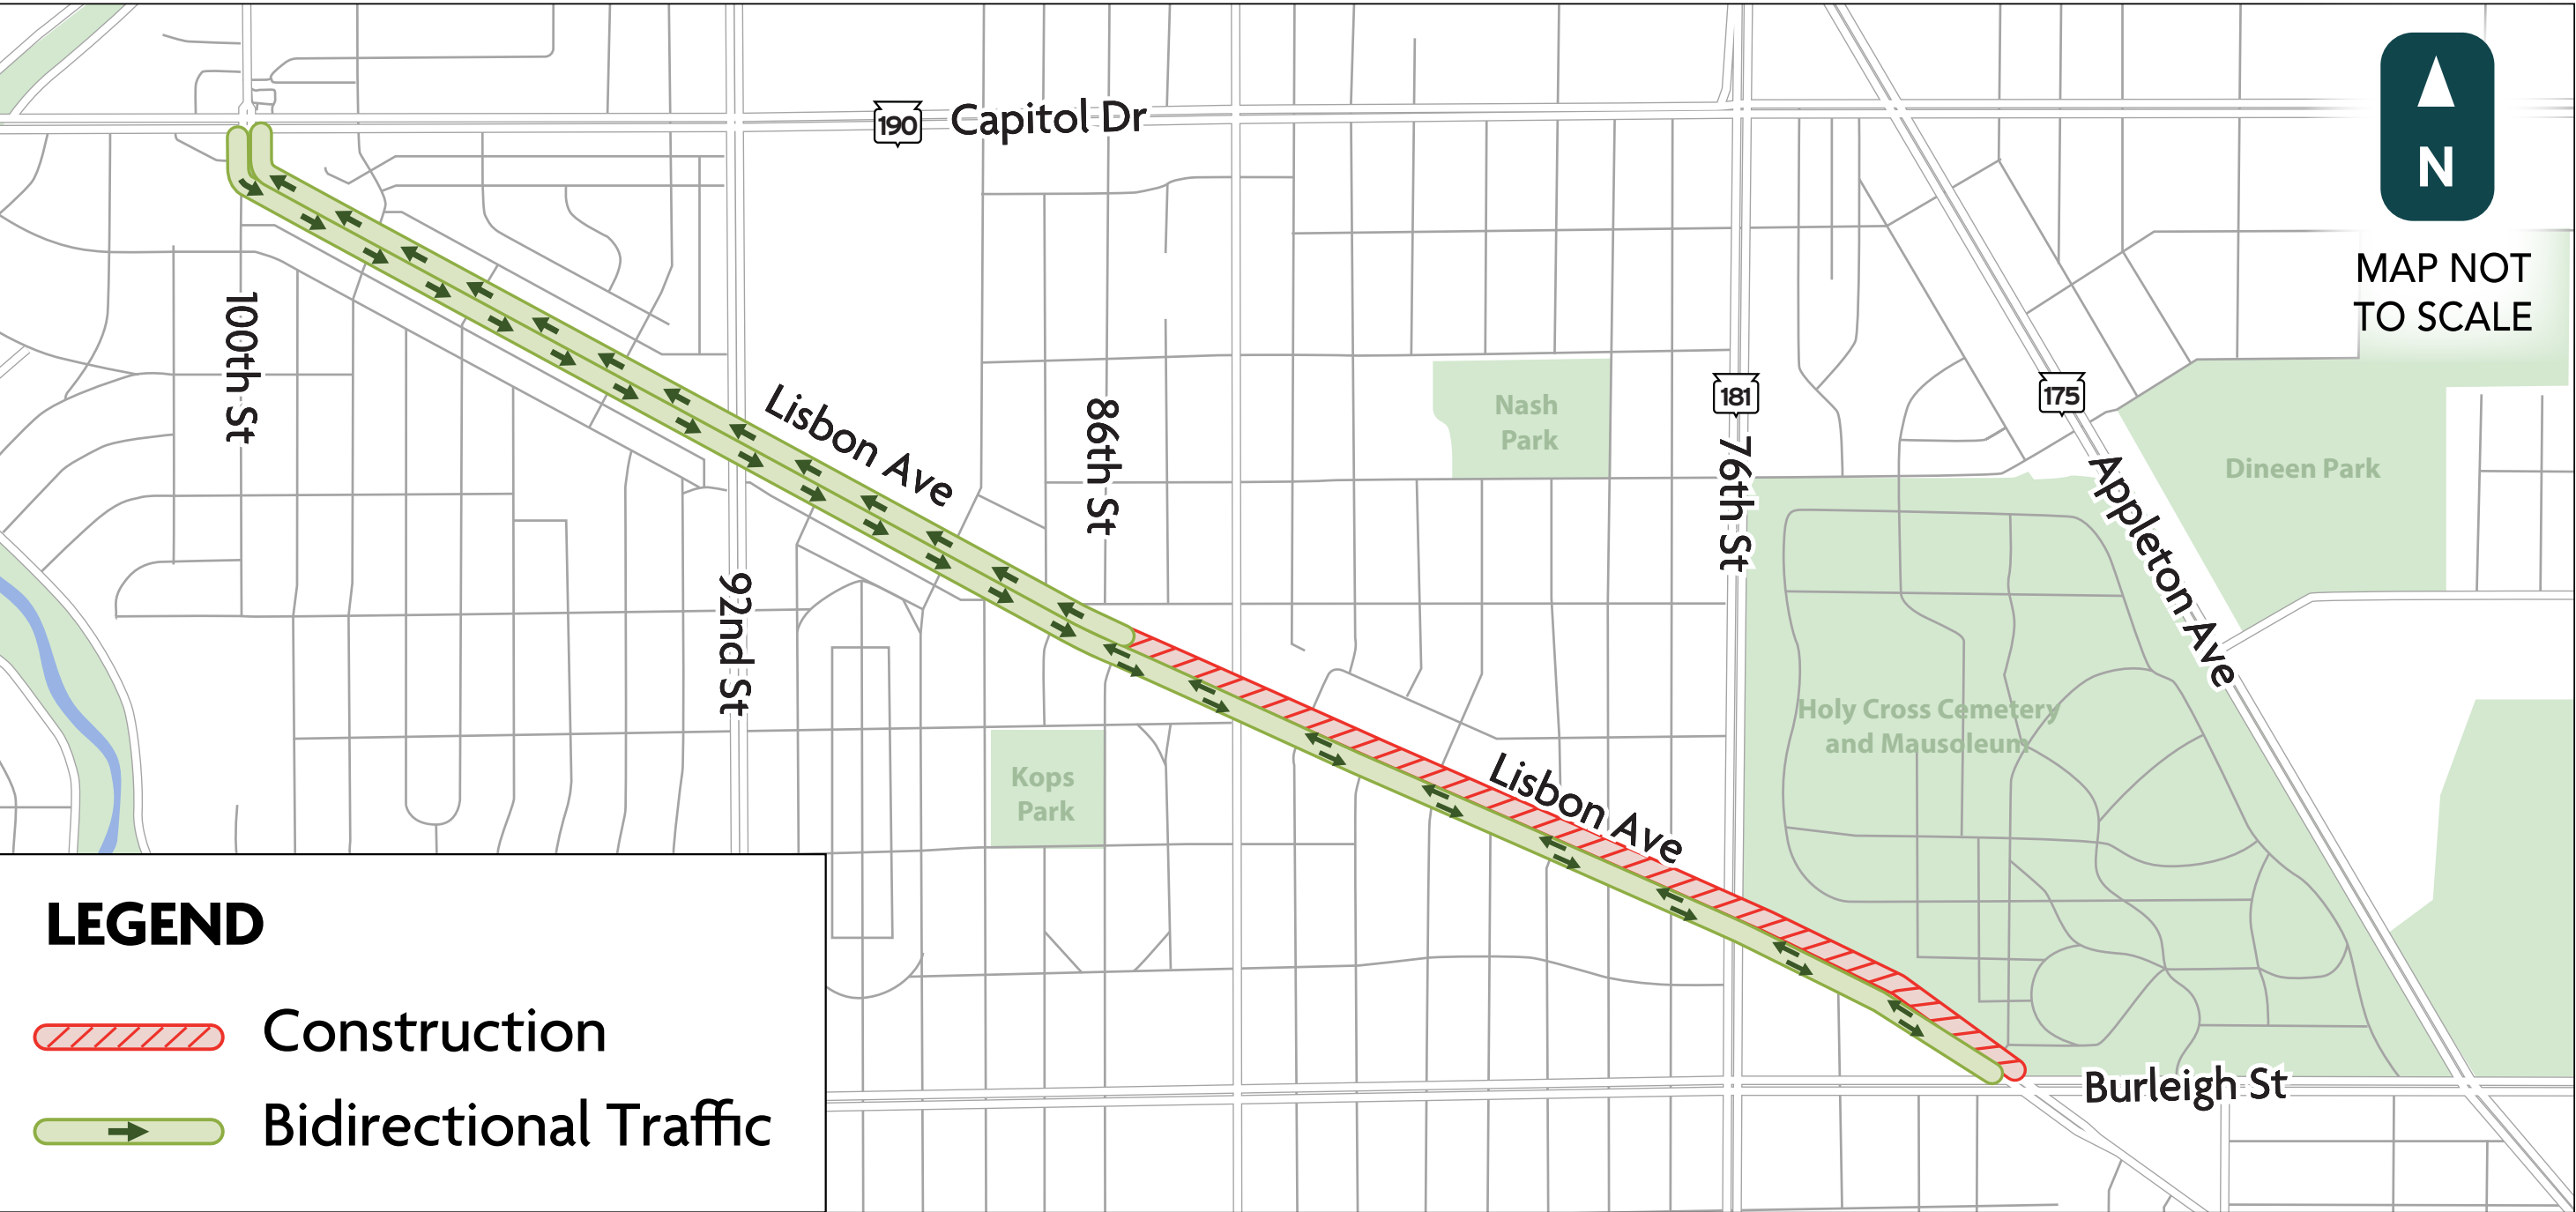

Through traffic and left turns from most side streets on to W. Lisbon Avenue will be restricted. Motorists must follow all posted signage during construction.

Stage 3 (Spring through Early Summer)

Construct new westbound lane

During stage 3, driveway access on westbound lanes may be limited. Access to businesses will be maintained. The eastbound lane between N. 86th and W. Burleigh streets will be open to bidirectional traffic during the westbound closure.

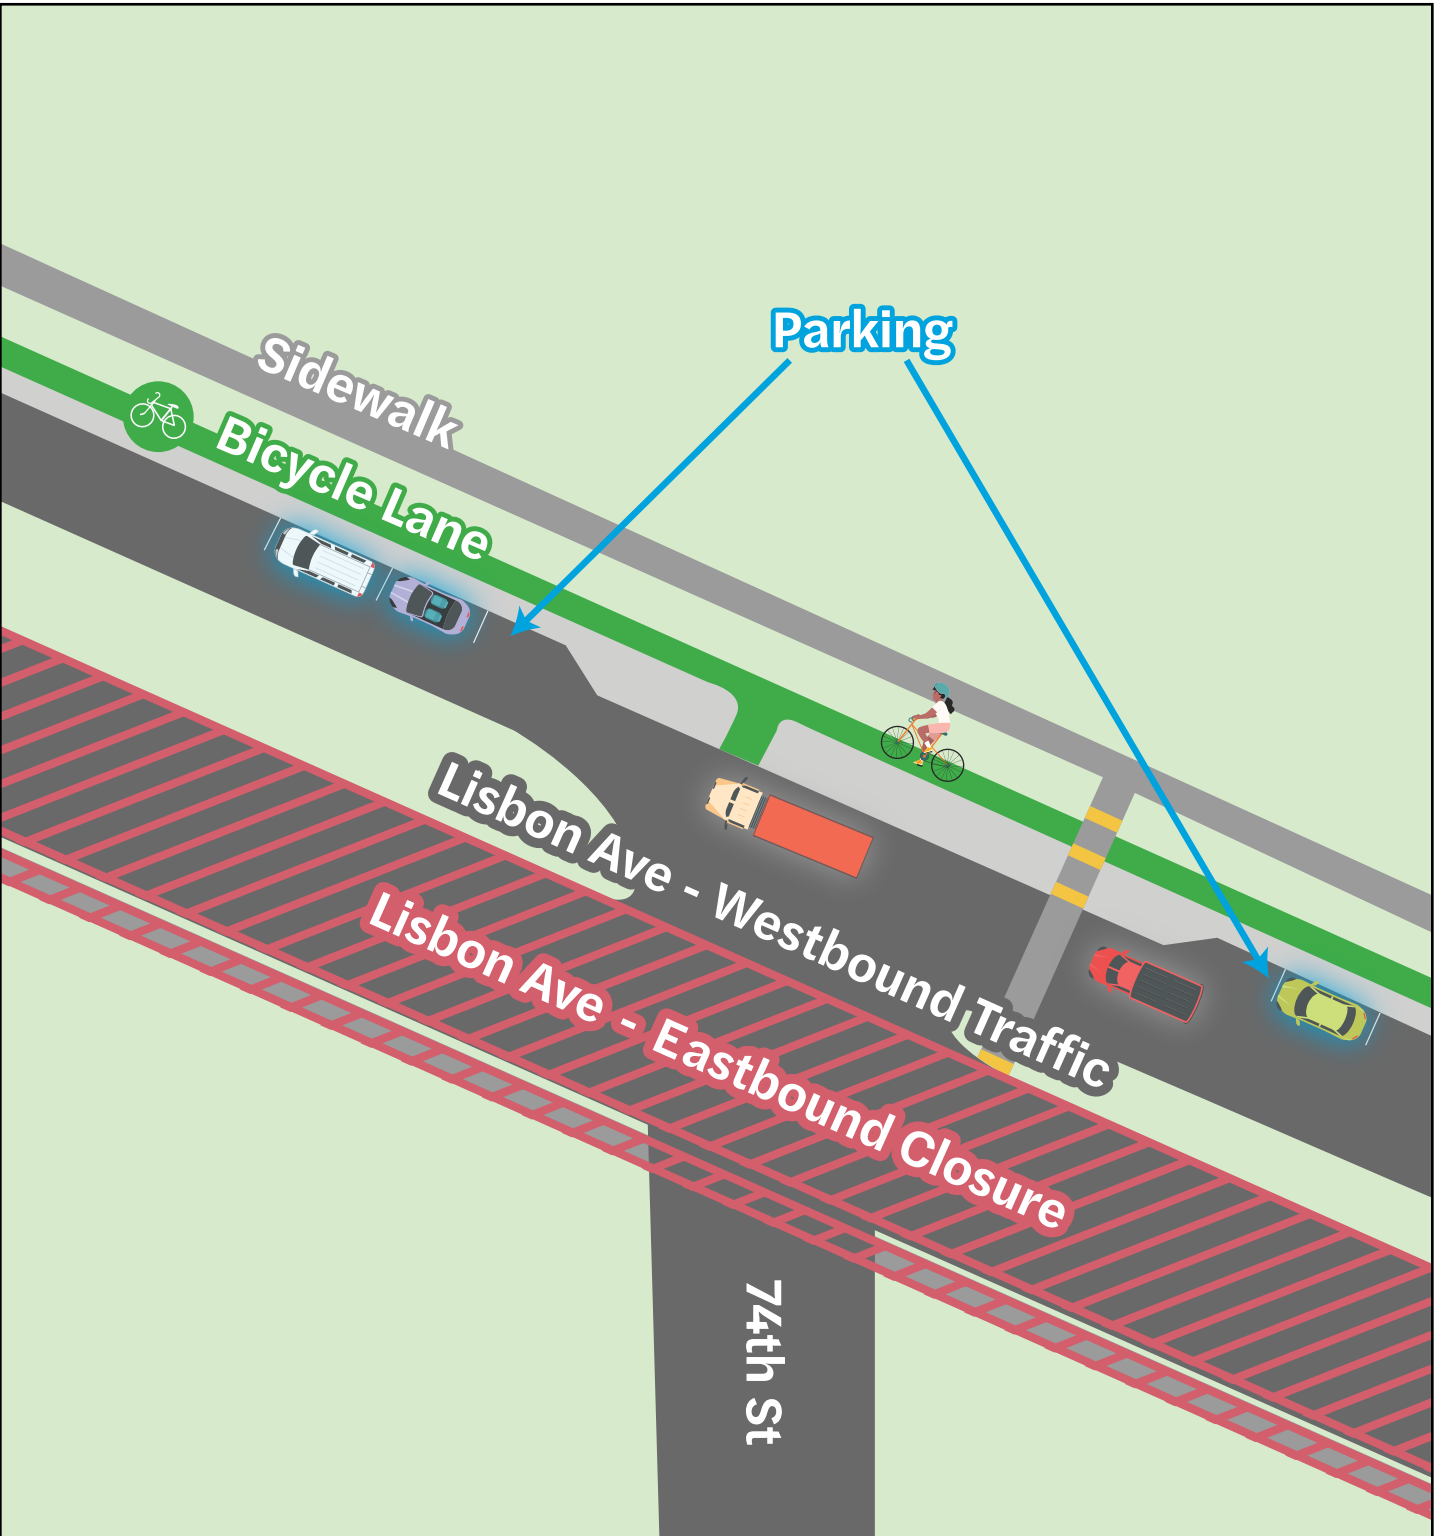

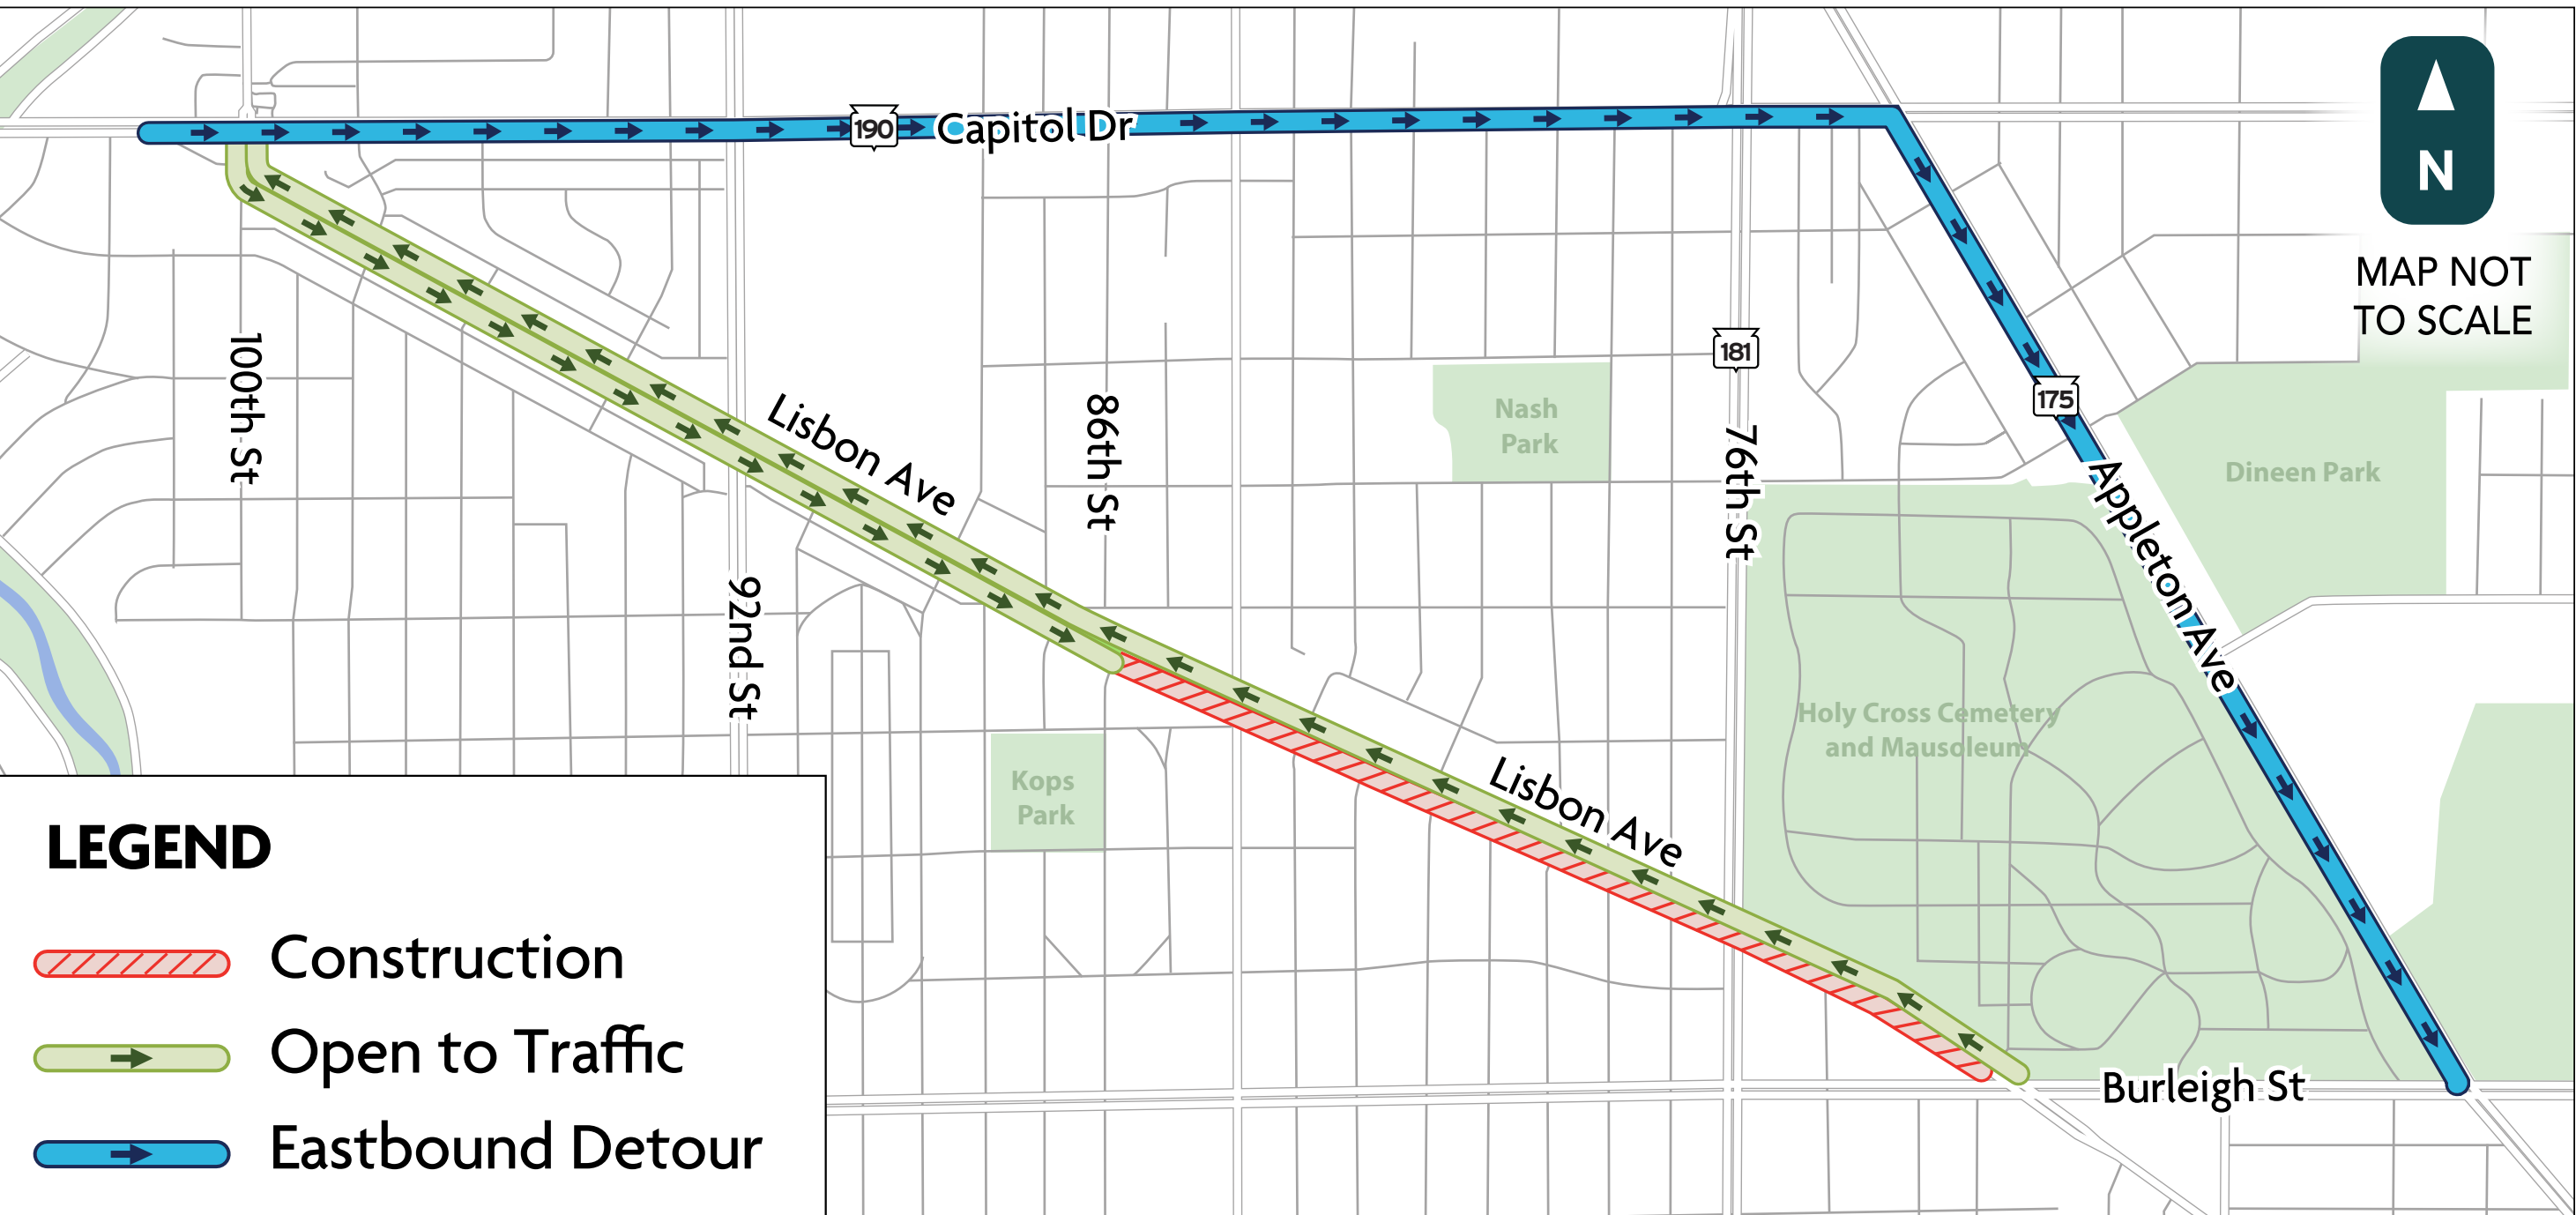

Detailed view of the traffic configuration during stage 3 of construction.

Stage 4 (Late Summer through Fall)

Construct new eastbound lane

During stage 4, driveway access on eastbound lanes may be limited. Access to businesses will be maintained. Eastbound motorists will be detoured to W. Capitol Drive and W. Appleton Avenue to get around the eastbound closure.

Detailed view of the traffic configuration during stage 4 of construction.
