16th Street Viaduct Over the Menomonee River
Structure B-40-0550 Unit 14
WisDOT Project ID: 2615-15-03, -73

Business Outreach Informational Flyer – November 8, 2024

The City of Milwaukee (City) Department of Public Works (DPW) **hereby announces a change in the schedule for this Project** as follows:

Updated Project Schedule: Design engineering is expected to be completed in early February 2025 (three-month extension). The Project is currently programmed to be advertised for construction bids in May 2025 (three-month extension). Construction is currently estimated to begin in Summer 2025 (three-month extension), with substantial completion of construction estimated in Fall 2026 (no change).

Except for the schedule change described above, information about the Project as presented in the handout for the Public Involvement Meeting held on June 18, 2024, is unchanged.

For more information about the Project, please visit milwaukee.gov/dpw/16th-Street-Bridge, or reach out to the Project Contacts as follows:
