Safe Routes to Transit: Burleigh Street

W. Burleigh Street - N. Sherman Boulevard to N. 20th Street

CONSTRUCTION PROGRESS

The City of Milwaukee Department of Public Works (DPW) is making improvements to W. Burleigh Street from N. Sherman Boulevard to N. 20th Street. The project is part of the Safe Routes to Transit program and is focused on making the street safer, more comfortable and more accessible for people walking and taking the bus.

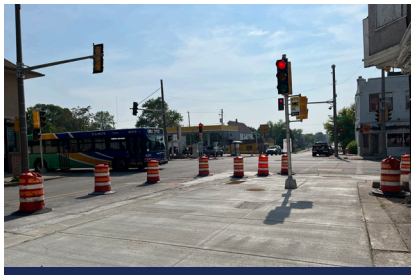

Crews have substanially completed the following:

- **Bus bulbs** on the north side of the street at 35th, 27th and 22nd streets; and on the south side of the street at 35th, 24th and 22nd streets
- Rebuilding **pedestrian ramps** to meet ADA standards

Bus bulb at 22nd Street

Beginning **Monday, September 15**, W. Burleigh Street will be closed to traffic between N. 28th and N. 27th streets as the sewer relay project is completed. The intersection of N. 28th Street will be closed to north-south traffic; the intersection of N. 27th Street will remain accessible. Work is anticipated to be complete and the street reopened by end of day on Friday, September 19. Sewer relay work on W. Burleigh Street between N. 20th and N. 21st streets is substantially complete and restoration is in progress.

Bus bulb at 27th Street

After the sewer work is complete, project work will continue on:

- **High Impact Paving** overlay throughout the corridor that will extend east to W. Hopkins Street
- Replacement of the traffic signal located at the intersection of N. 24th and Burleigh streets with all-way stop signs and detached curb extensions
- **Detached curb extensions** at 41st, 39th , 37th, 35th, 30th, 25th and 24th streets
- **Bus stop relocations** at Sherman Boulevard and 27th Street
- **Pavement markings** throughout the corridor, including high visibility crosswalks

CONSTRUCTION IMPACTS

During the high impact paving portion of construction, there will be day-long closures of traffic, in addition to no on-street parking. The project team will proactively communicate the paving schedule with residents and businesses along the corridor with additional notices. The project is on schedule and still anticipated to be completed in the 2025 construction season.
