

E. North Avenue - N. Humboldt Blvd. to N. Prospect Ave.

TRAFFIC SAFETY PROJECT - CONSTRUCTION IMPACTS & STAGING

PROJECT OVERVIEW

The City of Milwaukee, in partnership with the East Side Business Improvement District, is making improvements to E. North Avenue from N. Humboldt Boulevard to N. Prospect Avenue.

Improvements include:

- New asphalt pavement and lane restriping
- ADA-compliant sidewalk curb ramps
- Concrete barriers for permanent bike lane protection
- Bus boarding islands
- High-visibility crosswalks

CONSTRUCTION STAGING

The work for the project will be completed in two stages. Each stage is estimated to take approximately (4) weeks.

During each stage, E. North Avenue will accommodate westbound traffic only between N. Humboldt Boulevard and N. Farwell Avenue.

Two-way traffic will be accommodated between N. Farwell Avenue and N. Prospect Avenue in both stages. See the planned detour route that will be used for both stages to right.

DETOUR ROUTE

- Westbound traffic only
- Bidirectional traffic
- Eastbound traffic detour route
