CONSTRUCTION UPDATE

Lakefront Gateway - Phase 3

City of Milwaukee | DEPARTMENT OF PUBLIC WORKS

NOVEMBER 2026

Final Concrete Pours in Progress

Ongoing Operations

The City of Milwaukee is currently making improvements to E. Michigan Street, N. Art Museum Drive, and N. Lincoln Memorial Drive as part of Phase 3 of the Lakefront Gateway project.

Remaining 2026 Items of Work

- Project is working to complete all concrete pours on the project
  - Mainline street has been poured in all areas
  - Colored sidewalk and regular sidewalk pours are still in progress
- Top soil will be added in planted areas
- Paver base will be placed in areas that will be filled with pavers and not concrete; pavers can be installed throughout winter months with no traffic impacts
- Remove a majority of the traffic control measures on-site

Sidewalk and bike path poured on the northside of E. Michigan Street

2027 Items of Work

- Asphalt mill and overlays on E. Michigan Street, east of N. Art Museum Drive, and on N. Cass Street, from E. Michigan Street to E. Wisconsin Avenue
  - Due to conflicts on E. Cass Street, this item of work will be moved to Spring 2027
  - In the spring, milling for both locations will occur on the same day; and paving for both locations will occur on a subsequent day
  - The milled surface will be drivable overnight, and paved street will be reopened the same day
- Installing pavers that were not placed in 2026
- Planting of trees and sod
- Street lighting and signals

Intersection of E. Michigan Street & N. Art Museum Drive poured

All work and schedules are weather dependent and subject to change.
