N. Water Street
from E. Erie Street to E. Clybourn Street

City of Milwaukee

PROJECT SCHEDULE

CONCEPTUAL PLANNING	PRELIMINARY DESIGN	FINAL DESIGN	UTILITY RELOCATION & CONSTRUCTION
2024 - 2025	2025	2025 - 2026	2026 - 2027
Evaluate existing conditions, define project needs and priorities, and identify the preliminary alternative.	Develop the design of the preliminary preferred alternative and gather public feedback.	Refine and prepare construction-ready plans with continued public engagement.	Anticipated utility relocation and project construction.

PROJECT CORRIDOR MAP

PROJECT OVERVIEW

The City of Milwaukee Department of Public Works is leading the redesign and reconstruction of N. Water Street from E. Erie Street to E. Clybourn Street in the Historic Third Ward neighborhood. The project design and construction is funded by the Erie/Jefferson tax incremental financing (TIF) district.

PROJECT GOALS

- Decrease ***vehicle speeds*** and ***improve safety***
- Increase ***mobility*** and ***accessibility*** for people walking
- Improve ***vibrancy*** and ***sidewalk activation***
- Integrate ***landscaping, trees,*** and ***green infrastructure***
