CONSTRUCTION FORECAST

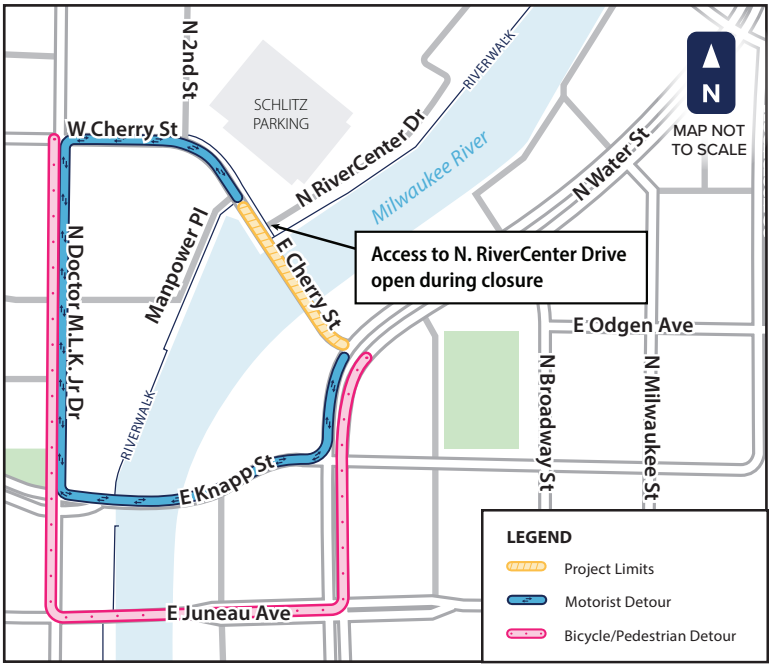

The City of Milwaukee is rehabilitating the Cherry Street Bridge over the Milwaukee River.

The following work is scheduled to take place over the next several weeks:

- Continued removal and disposal of rivets
- Concrete repairs of both spans of the Cherry Street bridge deck
- Customizing floor beams and steel braces to fit the bridge structure

Residents and businesses should be aware noise and dust will be associated with this work. Steps are taken by the project team to minimize these effects.

Access to residences and businesses will be maintained.

All work is weather dependent and subject to change.
