

DESIGN OVERVIEW

Beerline Trail Extension

OCTOBER 2026

About the Project

The City of Milwaukee and Milwaukee County are extending the Beerline Trail northwest from W. Capitol Drive to connect to the new 20th Street Powerline Trail. This 1.8-mile extension will combine off-street trail with on-street protected bike lanes to create a safe, continuous route that is comfortable for people of all ages and abilities.

Project Goals

Close a key trail network gap, connecting neighborhoods across major barriers like I-43 and Capitol Drive

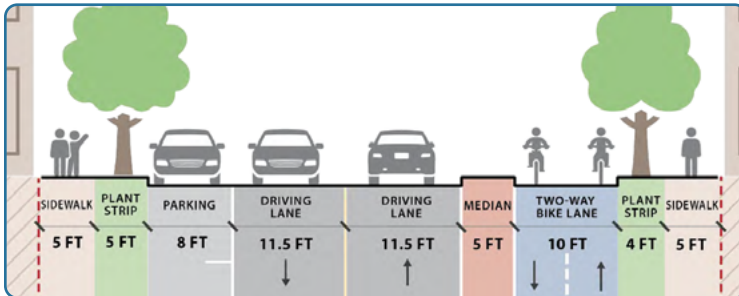

Create a safe route for people to comfortably walk, bike, and roll

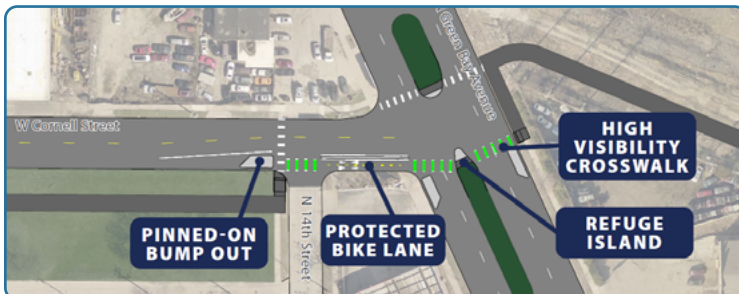

Provide more spaces for residents to get outside, connect with each other, and enjoy moving along the way

Key Street Crossings

Route will briefly follow N. Port Washington Road via concrete-protected bike lanes

Proposed Crossing of N. Green Bay Avenue
