

N. TEUTONIA AVENUE

W. MILL ROAD TO W. GOOD HOPE ROAD

PUBLIC INVOLVEMENT MEETING 1

DEPARTMENT OF
PUBLIC WORKS

JUNE 2026

You're Invited!

The City of Milwaukee, in coordination with the Wisconsin Department of Transportation (WisDOT), invites you to a public involvement meeting (PIM) to discuss proposed improvements to N. Teutonia Avenue between W. Mill and W. Good Hope roads. Construction is scheduled to begin as early as 2030.

Wednesday, July 15, 2026

4:30 - 6:30 p.m.

Hawthorne Elementary School

6945 N. 41st Street, Milwaukee, WI 53209

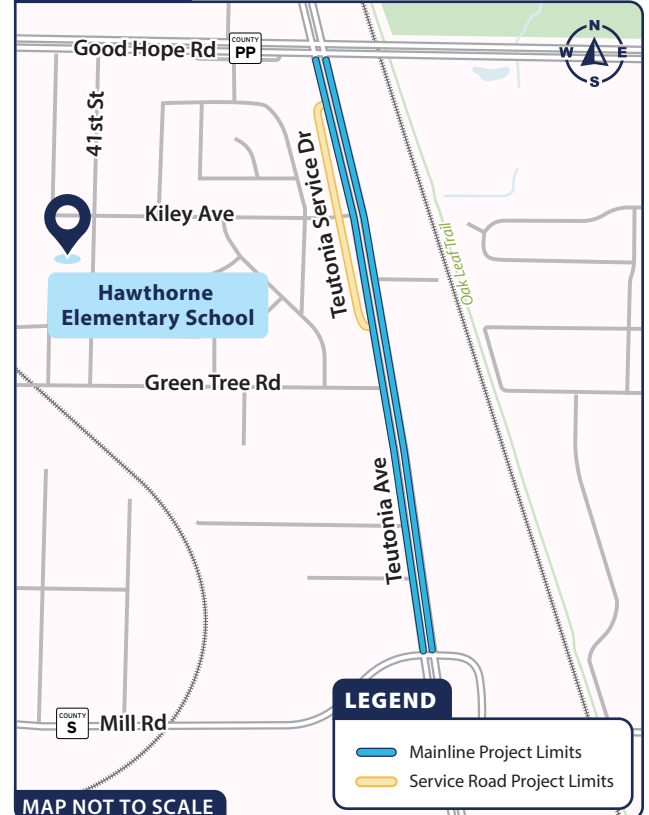

Meeting Purpose

This meeting is an opportunity for people living, working, and traveling along N. Teutonia Avenue to learn about the project and provide feedback on daily use of the corridor and proposed design alternatives. N. Teutonia Avenue is proposed to be reconfigured to one travel lane in each direction and meeting attendance is encouraged to help shape a design that aligns with the needs of the street. Attendees are invited to share information on larger vehicle delivery needs, archaeological sites or historic properties, hazardous materials, private underground systems, and concerns with the street. A pre-recorded presentation will be available during the meeting and on the project website. Those unable to attend are encouraged to contact the project team to provide feedback.

Proposed Improvements:

- Fully reconstruct N. Teutonia Avenue between W. Mill and W. Good Hope roads and resurface N. Teutonia Service Drive.
- Reallocate space on the street from two travel lanes in each direction to one travel lane in each direction.
- Replace existing sidewalks, curb ramps, and crosswalks to conform to Americans with Disabilities Act (ADA) standards.
- Replace all existing driveway approaches.
- Incorporate multi-modal transportation options, such as increasing bicycle infrastructure and considering MCTS connectivity.
