

West Lisbon Avenue from West Burleigh Street to North 100th Street

PROJECT UPDATE

December 2025

The City of Milwaukee is reconstructing W. Lisbon Avenue from N. 100th Street to W. Burleigh Street. During 2025, crews are expected to reconstruct the roadway between N. 100th and N. 86th streets.

Project Update:

Eastbound W. Lisbon Avenue remains closed from N. 100th Street to N. 86th Street while crews complete reconstruction operations.

Access to W. Lisbon Avenue from side streets south of W. Lisbon Avenue between N. 100th and N. 86th streets is closed.

N. 92nd Street south of W. Lisbon Avenue is closed.

Motorists are reminded that they are not permitted to move construction materials or traffic control devices to access closed areas of the work zone.

Alternate Route:

Eastbound W. Lisbon Avenue motorists are encouraged to use WIS 190 (W. Capitol Drive) and WIS 175 (W. Appleton Avenue) to get around the closure

Tree-clearing operations are scheduled to begin along W. Lisbon Avenue between W. Burleigh Street and N. 86th Street as crews prepare for the 2026 reconstruction project. Lane closures may occur during this work and motorists are urged to use caution when traveling through the tree-clearing zone.

Winter Weather Reminders:

As temperatures continue to drop in the area, the project team encourages residents and businesses to use sand on the sidewalks in front of their properties instead of salt. Using salt to melt ice and snow can damage the new concrete, while sand is a gentler alternative to providing traction.

All work is weather dependent and subject to change.
