

CONSTRUCTION FORECAST

The Wisconsin Department of Transportation (WisDOT), in partnership with the City of Milwaukee, is reconstructing WIS 32 (North Lake Drive) between East Newberry Boulevard and East Edgewood Avenue. The following work is scheduled to take place between East Kenwood Boulevard and East Edgewood Avenue over the next two weeks.

September 16-28, 2024:

Continue with storm sewer replacement from E. Newport Avenue to E. Kenwood Boulevard.

- This work is scheduled to cause short-term full closures of N. Lake Drive.

Crews are scheduled to continue with the replacement of underground utilities.

- Temporary short-term sidewalk closures on the west side of N. Lake Drive are scheduled for this work. Scheduled closures include:
 - 1 E. Edgewood to E. Newport avenues
 - 2 E. Newport to E. Hartford avenues
 - 3 E. Hartford Avenue to E. Hampshire Street

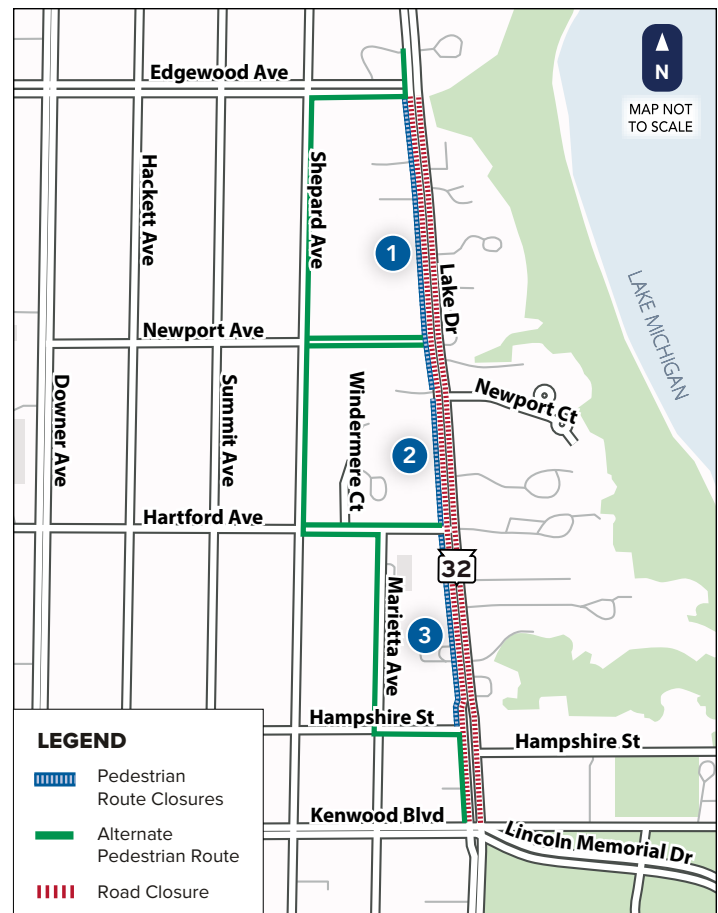

Upon completion, removed sidewalk areas will be replaced with a temporary surface.

Pedestrians are encouraged to use sidewalks on N. Shepard and Marietta avenues to get around these closures.

Week of September 23:

Crews will begin preparing the final grade of N. Lake Drive and driveway entries for concrete paving.

All work is weather dependent and subject to change.

Over the last two weeks crews worked on replacement of underground utilities

Construction Terminology

Temporary Approaches:	Compacted aggregate between the sidewalk and roadway
Pavement Removal:	Complete removal of pavement using excavators and milling machinery
Base Aggregate:	Crushed rock that serves as a base course for the new road
Roadway Excavation:	Removal and disposal of existing roadway
Underground Electrical:	Electrical conduits carrying wiring beneath the roadbed
Storm Sewer:	Installation of upgraded underground storm sewer
Temporary Lighting:	Lighting on removable poles within the project limits
