

» 2025 SEASON COMPLETION

The City of Milwaukee is reconstructing W. Lisbon Avenue from N. 100th Street to W. Burleigh Street.

Friday, December 19, 2025

W. Lisbon Avenue is scheduled to reopen to traffic.

- Eastbound W. Lisbon Avenue between N. 100th and N. 86th streets is scheduled to reopen to traffic
- N. 92nd Street at W. Lisbon Avenue is scheduled to reopen to traffic
- Access to W. Lisbon Avenue from side streets is scheduled to reopen to traffic

Crews will return in early spring 2026 to complete landscape restorations and finalize protected bike lane installation on the south side of W. Lisbon Avenue.

All work is weather dependent and subject to change.

Winter Weather Reminders:

As temperatures continue to drop in the area, the project team encourages residents and businesses to **use sand on the sidewalks** in front of their properties instead of salt. Using salt to melt ice and snow can damage the new concrete, while sand is a gentler alternative to provide traction. Residents and businesses are responsible for removing snow and ice from sidewalks in front of their property.

2025

During the 2025 construction season, crews completed the following work on W. Lisbon Avenue from N. 100th Street to N. 86th Street:

- Removed the roadway pavement, sidewalk, driveway aprons and curbs
- Replaced storm sewers
- Built a roundabout at the intersection of N. 92nd Street and W. Lisbon Avenue
- Constructed dedicated protected bike lanes on either side of the street
- Reallocated space on the street from four travel lanes to two travel lanes, maintaining flex space on either side of the street for parking and other uses
- Installed new concrete roadway, sidewalks, driveway aprons, curbs and permeable pavers

Pre-reconstruction roadway conditions | March 2025

Pavement removal operations | July 2025

2026

In 2026, crews will reconstruct W. Lisbon Avenue between N. 86th Street and W. Burleigh Street. Utility preparations are scheduled to begin in February 2026. Short-term lane closures are required to accommodate utility work.

Reconstructed W. Lisbon Avenue | November 2025
